

DX-10 Automatic Pyramid Tea Bag Packing Machine

Apply to tea, tea, health tea, Tieguanyin, Longjing, Big Maofeng, Wuyishan Dahongpao, rose tea, ginseng and so on.

Application Range

Nylon triangle bag imported from Japan, environmental nylon, non-woven material, is a national safety inspection of non-toxic, bacteria-free, heat-resistant high texture food grade filter, which uses a unique method of sealing - Ultrasonic no trace Sealing, tight, hygienic and safe, reducing the excess width of the edge, do not waste a trace of filter material.

Technical Parameters

Interval transportation	Servo motor control
Packing Speed	30-50 bags/min(Single material)
Metering mode	6 bucket weighing , accuracy \leq 0.1g
Packing material	Nylon, polyester mesh cloth, non-woven fabric, ultrasonic sealing material
Bag making method	Three way sealing and cutting of ultrasonic wave
Bag size	Triangular cone: 50-70mm Flat pocket: 60-80mm(W) *40-80(L)mm width of the packing material : 120mm 、140mm、 160mm
Machine size	(L*W*H) 850* 700*1800(mm)
Power Supplier	(tea bag machine)220V 2.0Kw (Compressor 1 cubic meters or more, recommended) 380V 2.2-3.5Kw
Machine weight	350Kg
