

LT-170 Desktop Automatic Online Flat Surface Labeling Machine

This labeling machine is used to apply labels on flat surfaces. The capacity is up to 300 pieces/min, which improves working efficiency greatly. It features high scalability, which means it can adapt any conveyor to form an automatic line.

Parameter

Model	LT-170
Machine voltage	110/220V 50*60HZ 1.5KW
Labeling speed	0-300 pieces/min
	(Based on labeling materials and label size)
Label roll size	15-200mm(H)*25-300mm(L)
Labeling accuracy	±1%
Label roll inner diameter	76mm
Label roll outer diameter	350mm
Package size	About 860*650*750mm
Package weight	About 76kg
Machine size	About 660*700*1600mm
Machine weight	About 60kg
