

## ***TLFM-4MLB Small Scale Glass Bottle Filling Machine With Conveyor***

1 Liter Small Scale Glass Bottle Filling Machine With Conveyor Leak proof magnetic pump, gentle on fragile glass, adjustable 1L bottle, compact design, easy to disinfect, low maintenance cost, conveyor automation.

Application: Small batch liquids: pharmaceuticals (syrup), cosmetics (serum), food (oil/vinegar), chemicals (reagents) or beverages (high-quality spirits), used in laboratories, startups or handicrafts that require hygienic, efficient and space saving packaging.

### **Parameter**

<b>Model</b>	<b>TLFM-4MLB (touch screen control)</b>
<b>Pump</b>	Magnetic pump
<b>Pump volulme</b>	5500ml/ pump
<b>Power supply</b>	AC110V/220V 50Hz-60Hz 60W*4
<b>Filling Range</b>	10-1000ml
<b>Filling nozzles</b>	4 (we can customize the nozzles based on your demands)
<b>Working speed</b>	20-40 bottles/min (based on bottles and liquids)
<b>Air pressure</b>	0.3-0.4MPa
<b>Filling accuracy</b>	≤±1% (For water)
<b>Diameter of filling nozzle</b>	4mm
<b>Delay range</b>	0.01-999.9s
<b>Conveyor belt length</b>	1m
<b>Size of air compressor connector</b>	OD8mm
<b>Package size</b>	About 1250*760*850mm
<b>Net weight/Gross weight</b>	About 95kg
