

Automatic Electromagnetic Induction Aluminum Seal FHB-1300A

1. Quick sealing speed, suitable for mass product production.
2. The complete stainless steel mould enclosure features elegant and natural.
3. Easy to use with good sealing quality, and able to operate continuously

Technical specifications:

	FHB-1300A
Rated voltage (V/Hz)	AC 220/50 110/60
Power (W)	1300
Sealing speed	0-260 pcs/min
Seal diameter (mm)	15-45
Cooling method	Air-cooled
Host size (L×W×H) (mm)	930×505×465
Weight (kg)	35
