

Self Adhesive Sticker Labeling Machine OBHSL 150

The Automatic (Horizontal) Sticker Labeling Machine with Automatic Feeding Hopper, is one of the most user friendly. It is capable of labeling up to 150 units per minute depending on products and label size. The fully automatic self adhesive sticker labeling machine is suitable for labeling on Inhalers, Ampoules, Vials and many kind of small diameter round objects. It had excellent flexibility to handle small size of labels and products. It has its own unique single point synchronized speed control system.

The in-built automated label length detection systems eliminates any need for manually feeding and storing of label length data in memory and retrieving the same every time for change of label size & re-starting the machine. The system thus saves valuable time, avoiding machine-down time, and helps to achieve higher production.

Salient Features:

- No label data input/retrievals require for any label size
- No change parts for label size
- Single pot on-line speed variation control
- Synchronized speed of label dispensing, conveyor and pressing device
- Virtually maintenance free machine
- User friendly label placing adjustments
- Self protected against voltage fluctuations
- Suitable for on-line Ink-Jet and Contact Coding System
- Suitable for partial, full wrap around and overlap labeling
- Built in A. C. variable frequency drive system
- Fully stainless steel finish machine and also frame structure

Technical Details:

Label Height	8 mm to 90 mm Standard
Label Length	12 mm to Unlimited
Label Roll Dia	300/400 mm
Core Dia	75/76 mm
Electrical	220 VAC Single Phase Power Supply (50/60 Hz)
Power	1.2 Amp.
Capacity	0.5 Kw
Speed	Up to 120 labels per minute depending on product and label size
Conveyor Height	865-960 mm
Overall Dimensions	1825 mm (L) x 715 mm (W) x 1550 mm (H)
