

Hard Gelatin Semi Automatic Capsule Filling Machine

This machine with electricity and steam to combination control, equipped with electronic automatic counter device is suitable for filling various domestic or imported capsules. It can automatically finish the action of location, separation, filling, locking for capsule, reduce labor strength, and improve production efficiency, accord with the requirement of medicine sanitary. It is ideal equipment with smartness accuracy for dosage, novel structure good-looking ease of operation, for filling capsule medicine in pharmaceutical industry.

Technical parameter:

Max. productive capacity:	25000 pcs/h
Capsule	000#00#0#1#2#3#4# capsule
Power(kw)	2.2kw
Power supply	380v 50hz or customized
Overall dimension (mm)	1350x700x1600(LxWxH)
Weight(kg)	400
