

Carton Sealing Tape Machine Case Erector FMB-6050

The width and height can be adjusted manually according to the specifications of the carton. It is simple, fast and convenient. Manually, increasing production efficiency by up to 30% is the best choice for companies to save costs, increase production efficiency, and standardize packaging.

Technical parameters:

Model	FMB-6050
Power supply (VAC)	220V 380V 50Hz
Power (KW)	0.35 KW
Maximum package size	L ∞ ×W500×H600 MM
Minimum package size	L150×W150×H120 MM
Dimensions (MM)	1800x850x1350
Net weight (KG)	80
