

Automatic Vertical Form Fill Machine – CE-300/VFK

CE Series Automatic granular pillow bag packing machine

This machine is suitable for packing non sticky, bulk or granular material, such as medical pills, food stuffs, plant seeds, washing powders, coffee, sugar desiccant, etc.

Features:

1. Buffer design for not bursting package bag, this design is for big volume filler and makes buffer efficiency to the force of big volume and heavy filler dropping.
2. The sealing margin is straight, so keep the bag airtight against damp.
3. Machine operation is controlled by microcomputer with English button. Automatic adjustment of bag length and filling range is by microcomputer. All function is displayed on monitor to be easy to operate.
4. Photocell fixes bag length by film label.

Technical Parameters:

Model	CE-300/VFK (PLC Touch screen)
Brand	FULLWELL
Power (kw/V)	2.1/220
Product capacity (b/min)	20-50
Packing capacity (ml)	3-300
Size of bag L (mm)	40-200
Size of bag W (mm)	30-130
Material	Stainless steel 304
Type	Pillow type or 3 side seal
Dimension	1050 x 690 x 1100mm
Weight	380kg
