

HTB-400 High-speed Labeling Machine

HTB-400 is economical, self contained, easy to operate, equipped with auto teach programming touch screen.

The machine adopts high speed labeling device and speed up to 350 bottles/min. Built in microchip storing different job setting makes fast and easy changeover.

This automatic labeling system is ideal for all sorts of cylindrical container. (Bottle size could be customized)

Features

- Labeling speed up to 350 bottles/min.
- Touch screen control system (MITSUBISHI) with job memory
- Simple straight forward operator controls
- Full-set protecting device keep operation steady and reliable
- On-screen Trouble Shooting & Help Menu
- Stainless steel frame
- Open frame design, easy to adjust and change the label
- Variable speed with servo motor(MITSUBISHI)
- Label count down (for precise run of set number of labels) to auto shut off
- Stamping coding device attached

Technical Parameters

Labeling speed	100-350 bottles/min (according to the specification, shape of bottle and length of label)
Bottles size	Can be customized based on customers' requirements
Label size	Length: 10 mm-180 mm Width : 10 mm-80 mm
Power	1 KW
Power supply	AC,220V/50HZ 1 phase or customized
Working direction	Left → Right (or Right → Left)
Net weight	500 kg
Overall size	1500 x 950 x 1400 mm (length x width x Height)
