

Vertical Sticker Labeling Machine MPC-AS

Summary:

The MPC-AS Vertical Sticker Labeling Machine specializes in the automatic label application to column, square or taper packaging containers. It is capable of automatically checking the length of each label if there are insufficient labels, broken labels as well as diminishing color. The touch screen display is user friendly and visually easy to understand. Ideally suited to pharmaceutical, chemical; food, electronics, dairy etc. Bottle collector is an optional extra.

Specification

Model	MPC-AS (PLC control/PC control)
Drive	Step motor deiven
Direction	Right/left
Labeling speed	0-200 pcs/min(adjustable,according to bottle size)
Size of bottle(mm)	Diameter:Φ20-100mm,Height:20-200mm
Size of label(mm)	Width:10-90mm,L:15-200mm
Precision	±1mm(subject to roundness and vertical of bottle)
Label roll	Max.:Φ300
Label core	Standard:Φ75mm(3")
Power	220~240V 50Hz 500W
Coding device	DT-280
Conveyor	1.6m
Machine size	1600*800*1300mm
Weight	220kg
