

AL300 Top & Bottom Labeling Machine

AL300 Top & Bottom Labeling Machine can simultaneously label top and bottom of products. Can also label on only one side. Wide range of use, e.g., for medicine, beverage, and chemicals. Suitable for labeling plastic, glass and metallic material.

Suitable Industry: Pharmaceutical / Medical, Biotechnology, Food, Beverage, Cosmetic, Chemical, Plastic...etc.

Specifications:

Labeling Speed	60-180 pcs/min
Labeling Drive	5-phase stepper motor
Control Interface	Touch Screen Control Panel
Products Length	Max. 200mm (or on request)
Products Width	Max. 190mm (or on request)
Products Height	Max. 150mm (or on request)
Core Diameter	76mm (3")
Label Roll O.D.	380mm Max. (15")
Voltage Supply	AC 110/220V 50/60Hz 1Phase
Power	1100W
Dimension	(L)1450mm × (W)900mm × (H)1660mm
Weight	Approx. 150kg
Material	Frame and main components are made from SUS#304 stainless steel and anodized aluminum.
