

XT-3510 Square / flat bottle double sides labeling machine

1. Applicable to label single flank or double-flank round, square, flat bottles and others of the same kind used to package medicine, food, daily use chemical and other light industrial products;
2. Advanced touch human-computer interface which is easy and intuitionist to operate and has complete functions including abundant on line help;
3. Fast to adjust and locate without changing accessory to meet the demands of any shapes of bottles with the use of a universal bottle-distributing mechanism; Materials are symmetrical about the center with the use of chain-correction devices on double sides;
4. Special elastic pressure equipment ensures materials stable;
5. Automatic photoelectric detection functions, such as cancelling labeling without objects there, stopping running or raising an alarm without labels to use to avoid omitting or wasting labels;
6. Adjust with a step less speed regulation according to the demands of labeling speed, feeding speed and distributing bottles;
7. Simple and compact machine construction that is easy to operate and maintain.

Technical parameters

Model / technical parameters	XT-3510
Labeling capacity(pcs/min)	40-140
Labeling accuracy(mm)	±1.0mm
Label size(mm)	(L)20-300mm (H)10-180mm
Material size(mm)	φ20-φ200mm H 40-300mm
Roll inside(mm)	φ76mm
Roll outside diameter(mm)	Φ350mm
Machine size (mm)	2400X1400X17000(mm)
Power supply	AC220V 50Hz/60Hz 1200W
