

KX-03 Luxury Automatic Box Opening Machine

The KX-03 unpacking machine adopts a horizontal structure, which automatically completes the unpacking, forming, bottom bending, and the machine that completes the bottom tape sticking.

- Precise design, stable and durable machine operation
- The sealing is tight, and the tape flattening effect is excellent.
- The forming and sealing adopt stepless variable speed control, and the speed can be adjusted arbitrarily, which can save working hours;
- Simple operation, easy adjustment, no doubt about carton damage;
- The carton storage adopts horizontal storage, and the empty carton can be refilled at any time without stopping the operation;
- It will be reminded to replenish when there is no paper box. It can be used with hot melt glue machine for sealing.
- The unpacking speed can reach 18-25 boxes/min.
- This unpacking machine is widely used in various industries at home and abroad, such as food, medicine, toys, tobacco, daily chemicals, and electronics.

Technical Parameter

Machine type	KX-03
Power supply/power	380V 50/60HZ 1.5KW
Applicable carton	L200-450*W150-380*H100-350mm
Sealing speed	18-25 boxes/minute
Tape width	48mm/60mm (use one alternatively)
Gas source	7-8 kg
Machine size	2800*1200*1650mm
