

## ZT-10 High Speed Tea bag Packaging Machine

ZT-10 Tea Bag Packaging Machine is mainly used packaging of medicine tea, beauty-slimming tea, health-strengthening tea or other similar fine-particle products can make various of bags, the packing range is 8 cm<sup>3</sup>, the maximum speed can reach 105 bags/min.

### Features:

ZT-10 Tea Bag Packaging Machine has the function of auto filling, bag sealing, thread affixing, labeling, external bag heat sealing, auto counting, etc. It already conforms to food hygiene standard, and low cost high-efficiency ideal equipment for tea and foodstuff industrial sector.

### Technical parameter:

Metering capacity	8 cm <sup>3</sup>
Speed	95-105 bags/min
Inner bag size	62.5×50 mm
Thread length	210 mm
Label size	28×24 mm
Outer bag size	75×65 mm
Thread length	210mm
Machine weight	600 kg
Power source	2.5 kW 380V±10% 50Hz
