

Single Chamber Vacuum Packaging Machine J-V006W

Single Chamber Vacuum Packaging Machine from Jaw Feng Machinery Co., Ltd. is made of stainless steel, in line with food hygiene and safety. Wheels are with brake. Waterproof digital display panel. Programmable for data up to 10 set-ups. Each group can operate individually. Electronic components are protected by waterproof electrical box. Durable working table surface. The vacuum cover's height can be based on the product's thickness. Providing flat plates to slightly adjust the height of packaging.

Specification:

Model	J-V006W
Machine dimension	920 x 800 x 1080 mm
Chamber dimension	840 x 710 x 230 mm
Sealing length	800 mm x 1 / 610 mm x 1 or 800 mm x 2 / 640 mm x 2

Features:

- Complete stainless steel structure for maximum durability
- Hygienic design, easy to clean
- Highly efficient European vacuum pump
- Microcomputer control system is waterproof
- Simple to operate microcomputer control system with multiple program setting options
- Flat deck construction ensures easy cleaning and product handling without space restriction
- Vacuum chamber with solid height adjustable filler plates
- Ideal for applications to production factories, research departments and laboratories

Options:

- Special design is available for various product
- Chamber height 230mm
- Gas flushing

Functions:

- Maintain food's freshness and original flavor
- Prevent electronic and hardware parts from oxidization
- Extend product shelf life
- Available for special applications

Applications:

- Fresh meat, seafood, pickled vegetables, agricultural products, herbs, powder, spices, bean paste and prepared foods...etc.
- Electronic parts, hardware products, medical instruments, medicine, clothing or blankets...etc.
