

## Band Sealing Machine SY-M905

- Sealing Head height is fixed, Conveyor Height is adjustable.
- Applications for foods, chemicals, and Hardware parts.
- Infinitely variable conveyor belt speed. Vertical model: ideal for sealing liquid, powder, grit, hardware products.

### Specification:

Model	SY-M905 (conveyor)	SY-M905H (head)
Voltage	110V/220V	110V/220V
Max. size /per bag	600*400mm	600*400mm
Max. Conveyor Belt load	10KG	10KG
Steel Band Size /W*L	5mm –PE	5mm –PE
or Teflon Band	10mm-other	10mm-other
Conveyor Belt size/W	200mm	200mm
Conveyor adjustable size	500mm	500mm
Temperature range	0-399°C	0-399°C
Net Weight	130KG	140KG
Dimension	1530*640*1050mm	1530*640*1410mm
Speed (Adjustable)	1-10M/perminute	

**Features:**

- Applications for foods, chemicals, and Hardware parts.
- Packing materials: Any heat sealable material.
- Conveyor Table is extensible to meet various bag sizes.
- Infinitely variable conveyor belt speed.
- Choice of steel wheel for knurling only, or for both knurling and printing.(optional)
- Furnished with Teflon and steel sealing band.
- Vertical model: ideal for sealing liquid, powder, grit, hardware products.
