

Automatic Pre-made Zipper Pouch Packaging Machine BS-250

- 1) This machine has an imported PLC automatic program control, easy operation.
- 2) Famous brands configurations, high work efficiency, works stable.
- 3) CE certifications, ISO, Google partner, Alibaba partner.
- 4) Safety protection and alarm function that effectively prevents incorrect packaging.

Technical Parameters:

Model	BS-250
Bag width	90-250 mm
Bag length	100-300 mm
Packing speed	40 bags/ min(product property and filling range count)
Filling range	0-3000 g
Voltage	AC380V/50Hz, three phases (or customize according to specific demands)
Power	3.5 KW
Air/ gass consumption	0.65 Mpa, 0.4 m ³ / min
Machine weight	1650 kg
Dimensions	2080(L)* 1724(W)1692(H) mm
Packing film materials	OPP, CPP, OPP/PE, PET/ PE, Aluminum, and etc.
