

Spice Filler Machine BSPM-F

BSPM automatic packing machine can do the work of bag-making, weighting, filling, filling the nitrogen, date coding, and bag-cutting.

Main Features:

- 1) High rate automation, the machine can complete all the process automatically together from the dosing, vertical sealing, horizontal sealing, filling, date printing, cutting
- 2) Advanced design and function, solid structure, stable running, high speed and capacity.
- 3) Adopt the photo sensor eyemark tracking system to set the bag length and the servo motor bag pulling system, ensure the stable pulling bag motion and the accuracy of the size
- 4) Adopt the hot sealing system, could seal different type of composite film or paper film like PET/PE, ALU/PE etc.

Technical data:

Model	BSPM-F
Biggest Film width	300 mm
Bag size	W:30-100mm L:30-165mm
Packing speed	35~65 packs/minute
Measure method	auger weighing
Sealing type	Three-side seal, Four-side seal, back side seal
Measure weight	1g ~100 g (when pack 2 g bag, accuracy is $\pm 0.05g$)
Power	1.5 kw
Power supply	1P/220V/50HZ (can be customized)
Machine size	1100*850*1800mm
Weight	220 kg
