

NY-835 Full-Auto Upper and Round Side Labeling Machine

It applies to labeling of various round bottles and square bottles that can stand up to realize top surface labeling and round side labeling. Widely used in food, medicine, daily chemical, electronic, meatal, plastics and other industries.

Technology Data:

| Model | NY-835 |
|-------------------------------|------------------------------|
| Production capacity | 10-35 pcs/min |
| Accuracy of labeling | ±1mm |
| Range of application products | diameter: Φ25mm-Φ100mm |
| | height: 25-300mm |
| Range of application label | length: 20-320mm |
| | width: 20-110mm |
| Diameter of paper roll | inner diameter Φ76mm |
| | external diameter max.Φ280mm |
| Power supply | AC220V 50/60Hz 1.2KW |
| Machine size (LxWxH) | 3000mmx1050mmx1450mm |
| Weight | 480kg |
