

Link-420FB Automatic Powder Packaging Machine for Bagged Coffee / Milk / Spice / Protein / Flour

Performance and features:

1. Chinese and English touch screen display, intuitive operation, simple.
2. PLC computer control system, more stable operation, can adjust any parameters without stopping.
3. Can store ten groups of parameters, replace the variety more accurate.
4. Servo motor pull touch, more accurate positioning.
5. Independent temperature control system, accuracy up to 1°C.
6. Horizontal and vertical sealing temperature independent control, can be good for all kinds of composite film, PE film and other packaging materials.
7. The variety of packaging style, back seal, insert Angle, even bag, punching and so on.
8. Bag making, sealing, packaging and printing date can be completed in one time.
9. The working environment is clean and the noise is small.

Technical Parameters:

Model	Link-420FB
Measurement methods	screw
Bag type	Back seal pillow type bag
Measurement	100-1000 grams/bag
The bag size	L 80-350 mm W 50-250 mm
Production capacity	20-45 bags/min
Control mode	PLC + touch screen
Voltage	380V 50HZ,
Air supply	0.6 Mpa 30L/min
Weight	720KG
Size	L 2700mm* W 1750mm* H 2460mm
Enclosure	Stainless steel
