

Automatic Food Grade Milk Powder Packing Machine DXD

Automatic Food Grade Turmeric Powder Packing Machine is automatic powder packaging machine, is widely used in filling, weighing, packaging various powders and small particles etc. The aircraft used for packaging bags of the powder, such as: pesticides, fertilizers, medicine, veterinary medicine, mask powder, milk powder, spices, etc.. Screw filling apply to the flow of bad materials, is fast, accurate, economic and practical advantages.

Technical Parameters:

| Model | SGF- DXDF60/B |
|----------------------|---|
| Machine type | Automatic powder filling machine(bagged portein powder filling machine) |
| Packaging capacity | 40-60 bags / min |
| Measurement range | 1.0-50 mm |
| Bag dimensions | long 60-180 mm, width 50-120 mm |
| Power supply voltage | 380 V-phase 4-wire system |
| Power consumption | 1600 (heating 180 × 4) W |
| Dimensions | 750 × 650 × 1588 mm |
| Net Weight | 200 kg |
