

KIS-1 Desktop Aluminum Foil Cup Pre-cut Aluminium Lid Sealing Machine

KIS-1 Desktop Aluminum Cup Pre-cut Aluminium Foil Sealing Machine is a tabletop model with heat sealing features. Very compact, it is a drawer style cup sealer that seals pre-cut aluminum foil with a pneumatic piston. As you push in the drawer holding your food-filled cups, the machine seals over the cups.

The temperature is regulated to allow for the sealing of different types of film and trays. It can seal trays made of PP, PE, CPET, APET and Aluminum.

Application

1. For Round Cup/Bowl sealing: Water, Hummus, Juice, Jelly, Yogurt, Pudding.
2. For Square Tray sealing: Lunch box, Tofu, Fresh frozen food, Sea food, sandwich, agricultural processed product.
3. Or any others: Cosmetics and Pharmaceutical product. Many kinds of packaging product by Plastic or Paper container.

Technical Parameters
