

High Speed Dicing Machine AD-1000 Series

The AD-1000 Series is designed to dice root vegetables, such as carrot, potato, sweet potato, etc. The size of dices can be adjusted. It can not only save labor costs, but also enhance efficiency.

Features:

- By changing the cutting sets, it can cut various kinds of vegetables into dices, shreds, slices, strips, and various shapes.
- Suitable for most root vegetables, stem tubers, and fruits. Please note that bigger leaf vegetables, such as cabbage, need to be roughly cut by hand first.
