

## *HC-G200/250/300 Candy Packing Production Line*

This production line is suitable for automatic packaging applications of the flat pouches, standup pouches, zipper pouches, M-pouch, and others

Suitable for the packaging of powder, granule, liquid, and fast food prefabricated food products.

### **Features**

1. The whole machine is divided into two groups: an eight-station structure and a ten-station structure; controlled by PLC and operated by touch screen; simple and convenient operation.
2. Supporting automatic fault tracking and alarm system, real-time display of operation status.
3. Empty bag tracking and detection device; no bag opening, no filling, no sealing. It does not cause a waste of packaging materials.
4. The action execution adopts a full servo control system, which is reliable, fast, and accurate.
5. The design of the whole machine conforms to the GMP standard.

## Technical Parameters

Model	HC-G200	HC-G250	HC-G300
Station	10	8	8
Speed	82	70	60
	pouch per min	pouch per min	pouch per min
Width	90-200mm	130-250mm	160-300mm
Height	150-360mm	150-400mm	150-400mm
Air compressor	5-7kg/CM2 500L/min		
Pouch type	Premade pouch(flat, standup, zip, handle hole, M etc)		
Packing material	Single-layer PE、 PE lamination、 Paper film and other lamination films		
Weight	700kg	700kg	700kg
Volt	AC380V 50Hz		
Power	7KW		
Dimension	1950x1400x1520mm		2100x1500x1520mm
