

UT-S300 Small Liquid Plastic Bag Sachet Water Bag Filling Sealing Packaging Machine

Auto 3000 bags/hour pure water bottle shape bag/pouch sachet filling sealing packing machine

1. Computer controlled, simple operation, easy to maintain stable performance, reliable quality.
2. Packaging speed stepless speed regulation.
3. Use of specific control technology bags, bags without long-adjustable. Bag length adjusted accurately and convenient adjustment.
4. Intelligent temperature control device, can control temperature heat sealing temperature to ensure that the sealing quality.
5. Replacement of parts. Closure can be realized trilateral, quadrilateral letters, flat bag, pillow-bag production.
6. Photoelectric unique positioning technology to ensure that the subject colored logo bag integrity.
7. Packaging within the framework of rated capacity in the stepless.
8. Automatic batch printing products, and easy to tear mouth, easy to use.
9. Generous local pleasing in appearance, stainless-steel structure, in line with food and medicine packaging health requirements for the food, pharmaceutical and chemical industries.

Technical parameter

Model	UT-S300
Bag-making Length(mm)	50-300
Bag-making Width(mm)	70-190
Packing film width(mm)	160-380
Packing capacity(ml)	100-1000
Packing speed(bags/min)	20-40
Power(Kw)	1.6
Air power(Mpa)	0.65
Air consumption(L/min)	200
Dimension(mm)	1000*1800*2100
Weight (Kg)	500
