

SH-CBO150 Automatic Circular Type Industry Flexible Curved Chain Conveyor Belt System

Main Feature

- ▶ This conveyor belt can compatible with existing systems.
- ▶ Has advantages of large conveying capacity, adjustable speed, strong load capacity.
- ▶ Widely used in feeding and interlinking for conveying bottles, cans or small cartons.

Parameter

- Machine model: SH-CBO150
- Voltage: 220V
- Power: 0.37KW
- Working speed: 0-25m/min
- Chain material: 400 width PVC belt
- Conveyor length: Customized
- Conveyor width: Customized
- Packaging size: About 2130*940*450mm
- Gross weight: About 187kg
