

## ***DXD-50FB Automatic Back Sealing Powder Packing Machine***

### **Applicable Scope:**

1. Be suitable for all kinds of industries like food; medicine; cosmetic; industrial products
2. Products it can pack like flour, milk powder, dry powder, bean milk powder, coffee powder, garlic powder, fine powder, spice powder etc. powder products.

### **Full Features:**

- 1) Be able to weight, bag-making, filling, sealing, cutting, lot number, cutting easy tearing notch etc. automatically.
- 2) To has color control system which can get the complete trade mark design (Photo-electricity inspects spot of printing guarantee design of package in good order and exact site).
- 3) The machine fix stepper motor controller, its advantage is precise, needless to adjust other parts
- 5) Intelligent temperature control by temperature controller to make heat balance better. Use bilingual display screen control system and stainless steel cabinet.
- 6) Fine packaging performance, low noise, clear sealing texture and strong sealing performance
- 7) Hot code number by high temperature pressing code.
- 8) With safe plastic box on rotating blade to avoid hurting operators hands.

- 9) Operation manual and warranty card will be delivered to the clients with machine
- 10) Optional parts: black ink printer to print batch number (date, expiry date and lot number), if you need adding its 565 USD per piece.
- 11) Material is stainless steel 304, suit for food stuff. Durable in using.
- 12) Adopts Imported PLC Control System (Good stability, good use, easy to operate, durable in using)
- 12) It has Alarm System (You can set how many number on PLC control panel, for example 10000 pcs, when it up to this quantity, it will sound to remind you it finishes packing of 10000 pcs, it will begin to alarm when at 9995 pcs)

**Technical Parameter:**

<b>Model</b>	<b>DXD- 50FB</b>
Machine Speed	30-75 bags/min
Bag Size	(Width) 20-100 mm (Length)30-160 mm
Film Material	Laminated or Composite Film, like PE/PET/AL;PE/PET/nylon; BOPP/CPP; paper-plastic non-woven fabric
Net Weight	180KG
Bag Type	Back Sealing(pillow type) or middle sealing
Notch or Cut	Zigzag
Voltage	AC220V Single-phase 50HZ or 380V/50HZ three phase
Total Power	1.2 KW
Measuring Range	1 - 150 gram
Gross.Weight	220KG
Control System	Original Imported PLC Control System
Measuring Mode	Auger Or Screw
Machine material	Stainless Steel 304(SS304)
Machine Dimension	Length: 700 * Width:600 * Height: 1700mm
