

Automatic Electromagnetic Induction Aluminum Seal FHB-1300B

1. Automatic setting for weed bottle without aluminum foil, increasing quality for production;
2. Automatic setting for sending bottle, it's more suitable to produce quickly;
3. With full stainless steel molded housing, which is beautiful and graceful.

Technical specifications:

	FHB-1300B
Voltage (V/Hz)	AC 220/50 110/60
Max Power	1300
Sealing speed (bottles per minute)	0-260 bottles per minute
Seal diameter (mm)	15-45 mm
Cooling mode	Air-cooling
Height for Product (mm)	20-180
Dimension (L×W×H) (mm)	1290×505×465
Net Weigh (kg)	48
