

MB-380C Packaging Machine for Powder/Granule

This machine is available for integration in fully automatic production lines, allowing to save in labor costs. As well as the Pneumatic system used for safe operation and easy maintenance.

Automatic Operation

From suck bag-----Open bag----Filling-----Sealing-----Outputting. The programmable logic control (PLC) system controls it all for effective improvement of packaging efficiency and quality.

Applications:

The machine is widely used in the fields of food, daily chemical, medicine, etc to package granules. Granule, Sugar, Tea, Salt, Sun-Flower Seed, Detergent Powder, Spices, Rice, Garri, Mouth Fresheners, Instant Drink Powder, Free flowing Powder, Glucose powder, Dextrose Powder, Tobacco, Grains, Starch Powder etc.

Description:

The automatic vertical filling sealing machine uses volumetric cups for filling control which is the one of the most efficient solution in the world. Our machine form sachets/ pouches from film rolls, and fill the product into the sachets/ pouches and finally sealing.

Packing Materials:

It's suitable for any heat sealable compound material such as single Paper/PE, Cellophane/PE, Aluminum foil /PE, BOPP/PE and Nylon/PE. Custom specifications are available to meet specific requirements.

Features:

Powder & Granule Packing/ Automatic/ High quality/ Simple Operation/ Low Maintenance

Specifications:

Model Type	MB-380C
Motor (V/HZ)	AC 220V/50Hz 110V/60Hz
Power (W)	2300
Capacity (bags/min)	30-50
Packing Capacity (g)	100-400
Length of Bag (mm)	70-250
Width of Bag (mm)	100-180
Width of film (mm)	MAX.380mm
