

## *YTK-260 Full Automatic Round Bottle Positioning Labeling Machine*

YTK-260 automatic vertical round bottle positioning labeling machine, can achieve automatic positioning labeling, single standard, double standard, label distance interval adjustment.

### **Technical parameters:**

- Model: YTK-260
- Machine size: L2000\*W1400\*H1300mm
- Output speed: 25-50 pcs/min
- Is suitable the bottle diameter:  $\phi$ 30-100mm
- Label length: 15-200mm
- Label height: 15-150mm
- Pastes the sign precision:  $\pm$ 1mm
- Rollinside: 76mm
- Rollside diameter: 350mm
- Power supply: 220v 1.5kw 50/60Hz
- Printer with air: 0.5pa
- Weight: 220kg
- Package size: 2120\*940\*1500mm
-
