

SLM300 Automatic Shrink Sleeve Labeling Machine

Function:

- All-Cover type stainless steel host machine: The whole machine is waterproof as well as rustless.
- Adjustable cutter head: Uniquely cyclotron cut-off, double sided cutting edge with a long service life.
- Single positioning centre guide pillar: A more stable label delivery.
- Synchronous bottle divider: A more stable transmission for bottle.
- Bottom set of label brush: A more precision for casting label.
- Label-Controlling electric-eye shelf: Unique combination of tail and electric-eye to improve the precision for cutting off the membrane materials.
- Push-button control cabinet: A more humanized operation.
- Independent feeding material shelf: The position of the material shelf is optional at will.
- Electrical appliance Configuration Specification:
- It adopts PLC programmable controller, improved servo motor, servo driver, frequency converter and transducer; besides, it adopts the positioning module to ensure the casting label precise, rapid and stable

Product Series:

Model	SLM300
Power supply	6.0KW
Input voltage	220V/380V
Capacity	18000BPH
Host machine dimension	2200*1100*2200
Framwork material	Stainless steel
Length of label (mm)	30-260
Thickness of label(mm)	0.03-0.13
Diameter of bottle	28-125
Height of bottle	50-280
Bottle shape	Round/Square/ Flat/Oval
