

Table Type Small Flat Surface Labeling Machine XQPT-80T

Application:

It is suitable for automatic labeling of cylindrical packing containers in medicine, daily chemical and food industries.

Characteristic:

1. PLC control system makes the labeling machine easy to operate.
2. Labeling machine's main body is made of SUS304 stainless steel.
3. Our labeling machines adopt well known Japanese, German, American, Korean or Taiwan brand parts.
4. The client can choose to add the printer and code machine; can choose to connect with conveyor or not.

Technical parameters

Model	XQPT-80T
Label range	L: 10-100mm W: 10-100mm
Product size	L: / W:20-200mm H:10-200mm
Labeling speed	5-30m/min
Inner roll size	φ 76mm
Outer roll size	φ 300mm
Power supply	AC220V 50/60Hz 1500W
Conveyor size	W: 200mm 10-30m/min
Conveyor height	750mm ±25mm (Adjustable, to the ground)
