

Desktop Aluminum Foil Sealing Machine TZ-P50

Sealing speed fast, suitable for mass production; full stainless steel mold forming shell, beautiful and generous; easy to use, sealing quality good, continuous work.

Technical parameter:

Rating voltage	AC220V,50/60HZ
Weight	Gross weight 38kg, net weight: 34kg
Power	1300W
Cooling way	By Fan
Sealing diameter	15-60mm
Sealing height	20-180mm
Conveyor belt speed	0-12.5meter/min
Sealing speed	0-200 bottles/min
Packing dimension	970*515*475mm
Machine dimension	805*310*330mm
Appearance	Stainless steel
