

## GM-8 Counting and Filling Machine

GMSL-8 Electronic counting machine is suitable for solid granules for example, tablet (including heteromorphic tablet), capsule, soft capsule (transparent and non-transparent), pill etc. Mainly used in pharmaceutical industry, healthy products industry, food industry and other industries.

### Technical Parameter:

Model	GMSL-8
Applicable	tablet (including heteromorphic tablet), capsule, soft capsule (transparent and non-transparent, pill etc.
Speed	10~30 Bottles/min
Power Supply	AC220V, 50-60HZ
Power	1.2 KW
Pressure	0.6 MPa
Air consumption	0.2 M3/H Clean Air
Net Size	1360mm(L)×1650mm(W)×1650mm(H)
Weight	About 550kg
