

ZHF-80Z Laminated Tube Filling and Sealing Machine

The ZHF-80Z laminated tube filling sealing machine is always applied to pack ointment and paste. Beyond that, it can also package cream, gel and sticky liquids. Presently, our ointment filling machine wins wide application in cosmetics, foodstuff, pharmaceutical and light industry. Generally, ZHF-80Z adopts twice folding, triple folding and saddle tube tail folding.

Features

1. ZHF-80Z laminated tube filling sealing machine uses frequency control.
2. Twice folding, triple folding and saddle tube tail folding can be completed on the same machine.
3. With compact design, the ointment filling machine is easy to operate and adjust. With open type filling and sealing section, it is easy to clean and maintain.
4. Our laminated tube filling sealing machine is armed with intelligent temperature control and cooling system.
5. To meet GMP standard, 316L stainless steel contact parts are employed. Besides, overload protection is used.
6. With fine-tuning handle installed on the machine external, the filling accuracy is ensured to be less than $\pm 0.5\%$. This helps to achieve low cost and high accuracy.
7. The working process of laminated tube filling sealing machine is automated (from tube loading to finished products outputting).
8. This equipment utilizes German optical identification scaler and is equipped with high precision actuator and stepper motor to make the position of image and text right.

9. This kind of ointment filling machine employs interlayer hopper to achieve heat insulation.
10. The safety interlock can shut down when laminated tube filling sealing machine door is opened.

Technical Parameters

Filling Volume (ml/unit)	1-300 (Adjustable)
Filling Accuracy	$\leq \pm 0.5\%$
Capacity of Laminated Tube Filling Sealing Machine (units/hour)	2400-4800 (Adjustable)
Tube Diameter (mm)	$\Phi 10-50$
Tube Length (mm)	210 (Can Customize)
Hopper Volume (L)	40
Equipped Motor (Kw)	1.1
Machine Power (Kw)	2
Dimension (mm)	22700 × 960 × 2100
Power Supply	380/220 (Optional)
Weight (Kg)	About 1200
