

Lacquer and Label Machine **LL-60**

Lacquer and Label Machine

LL-60

For Applying Lacquer & Label on Cosmetic Tubes

- In the present days competitive market, many tubes are being labeled to have very good graphics on the tubes. Our machine Lacquer & Label Machine : LL-60 has been specially designed to meet this requirement.
- LL-60 is unique in its application as it is the first time that a machine with lacquering and labeling application on tubes is offered.
- This compact machine is developed for high speed label applications and can apply paper, PVC, opaque & transparent labels.
- The various operations that are possible on this unique machine are flame / corona treatment, UV lacquering, UV curing and label application.
- The indexer and label head are servo motor operated and the machine functions are controlled by a state-of-the-art controller with a touch screen.
- The machine is distinguished by its high performance, simple operation, quick change-over and low maintenance.
- Combining the LL-60 with our Capping Machine CP-60 could help you to set up a dedicated production line for labeled tubes.

Features

- Rigid construction and simple operation
- Few change parts for different tube sizes
- UV curing
- Quick & easy change-over for different tube sizes
- State of the art controller system
- Rejection of faulty tubes
- 'TUBE TEST MODE' to make the machine settings with minimum wastage
- Recipe feature for fast recall of different tube settings
- Exhaustive diagnostic features and alarm system
- Multiple language option*
- Modem for tele-service (optional)

*Depends on availability of language font

Technical Specifications

- Tube size : Diameter 25 to 60mm
- Tube length : 75 mm to 200mm
- Number of Mandrels : 12 Nos.
- Output* : Upto 60 tubes per minute
- Label wrap around : Upto 355°
- Label roll diameter : Upto 250mm
- Memory storage : Upto 500 recipes
- Pneumatic connection : 6.5 to 8 bar, oil and water free
- Electrical connection : 3 x 415 V, 50 Hz, 9 KW
- Operation : Fully automatic
- Standard paint : RAL 9016 white

*Depends on diameter, labeling speed, quality of lacquer & label
 Due to continual improvements specifications and features are subject to change without notice
 Label graphics shown under application heading are the property and trade mark of the respective brands
