

Band Sealing Machine SY-M907

- Applications for foods, chemicals, and Hardware parts.
- Infinitely variable conveyor belt speed. Vertical model: ideal for sealing liquid, powder, grit, hardware products. Can be horizontal feeding or vertical feeding.

Specification:

Model	SY-M907
Voltage	110V/220V
Max. size /per bag	300*300mm
Max. Conveyor Belt load	5 KG
Conveyor Belt size/W	200mm
Conveyor adjustable size	130mm
Temperature range	0-399
Net Weight	110KG
Dimension	1350*610*980mm

Features:

- Applications for foods, chemicals, and Hardware parts.
- Packing materials: Any heat sealable material.
- Conveyor Table is extensible to meet various bag sizes.
- Infinitely variable conveyor belt speed.
- Choice of steel wheel for knurling only, or for both knurling and printing.(optional)
- Furnished with Teflon and steel sealing band.
- Vertical model: ideal for sealing liquid, powder, grit, hardware products.
