

Inner and Outer Pyramid Tea Bag Machine XY-60ED

Features:

1. The Pyramid Tea Bag Packing Machine adopts environmental friendly nylon and non-woven material, which is FDA approved.
2. The Pyramid Tea Bag Machine adopts ultrasonic sealing, tight, reducing sealing width, reducing material waste.
3. Pyramid Tea Bag Machine is made of US304 stainless steel, ensuring hygiene production.
4. The Pyramid Tea Bag Machine can complete bag-making, filling, measuring, sealing, cutting and counting automatically. It would highly improve the working efficiency and reduce labor expenses.
5. The inner and outer bag forming is finished at the same time, avoid direct contact with the packing material and improve working efficiency. Inner bag is made of filter paper and outer bag is made of composite paper.
6. The biggest advantage is: packing capacity, inner bag and outer bag size can be easily adjusted according to different requirement in order to achieve the best packaging results, improve products appearance and enhance the value of the products.

Applications:

The machine is suitable for the dual bag packing of small grain-like materials, such as tea leaves, medicinal tea and healthy teas. Pack broken tea, herb tea, Saffron, coffee and other similar products.
