

DY-60P Vertical Flake Packaging Machine

Apply to food, medicine, chemical industry products in circular automatic packaging materials, such as tablets, pills, capsules, tablets, etc.

Feature:

- Compact structure, solid, reasonable design, Introduction.
- Single-chip optical control system, reliable, stable performance.
- Speed, high precision, low noise.
- Automatic measuring, filling, bag making, date printing to the products at once.

Technical parameters:

Model	DY-60P
Packing type	3、4 side seal
Packing width	30-100 (85) mm
Packing length	40-140 (120) mm
Packing volume	1-30pcs
Packing speed	40-60bags/min
Power	1100w
Machine weight	160kg
Machine size	750*630*1600mm
