

## *KL-700 Round Bottle Labeling Machine*

KL-700 main parts would be labeling head, stainless steel 304 frame, conveyor system, sponge pressing while and Siemens PLC touch screen and servo motor for fast speed labeling.

Applicable products: Glass bottle, PET bottle, tin can, bucket and round cups.

Applicable industry: Food packaging

### **Parameters:**

Model	KL-700
Voltage	220v/380v (as customer required)
Power	2.5kw
Labeling Speed	30 – 60 bottles/min (Depend on bottle size)
Label width	30 – 150mm
Labeling Accuracy	± 0.5mm
Diameter	H: 15-135mm, W: Max 320mm
