

Automatic Beef Chicken Bouillon Cube Pressing Machine

This pressing machine is suitable for pressing bouillon cubes, tablets, Effervescent tablets, sugar cubes, green bean cake and any other solid products.

This bouillon cube Pressing machine is designed for pressing all kinds of granular materials into cubes, and is suitable for batch production of the basic equipment. Rotary speed, the depth of the filling and tablet thickness can be adjusted. The mechanical buffer device can avoid the overload and cause damage to the machine. The machine can be another match suction powder box, through the suckers to absorb dust, avoid bonding jams, and recycle raw materials to use.

Parameter:

Quantity of Punch&die(Set)	17/19
Max. Pressure (KN)	100
Max length (mm)	40
Max. Depth of Filling (mm)	25
Cube size(mm)	Customized
Rotate Speed (r/min)	20
Production Capacity (pc/m)	600-800
Electric power source(V/Hz)	380/50
Power (KW)	4
Outside Measurement (mm)	600*960*1750
Weight (Kilogram)	2300
