

## SL-SBGB450 Chocolate Wrapping Machine

SL-SBGB450 series packing machine is designed for rectangle chocolate confection and folded on the side. It is widely used in chocolate and candy packing. And also apply to other fields (with proper hardness but fragile or not easily handled), such as Arabic spice stick, etc. With the advantage of fast packaging, good consistency, low failure rate, and long service life.

The complete machine consisted of one set SL-SBGB450 Packing Machine and one set SL-SBZL500 Auto Feeding Machine.

### Technical Specification:

Model	SL-SBGB450	
Packing Speed	200-260pcs/min	
Product Size Range(L*W*H)	10-80*4-45*4-35mm	
Total Power	5.0KW	
Voltage	380V/220V 50Hz 3P	
Dimension(L*W*H)	Packing machine	2970*1520*2200mm
	Auto feeding machine	2870*960*1220mm
		600*860*1220mm
Gross Weight	2480KG
