

Link-420K Automatic Vacuum Packing Machine Grain Packing Machine

Features:

1. Chinese and English touch screen display, intuitive operation, simple.
2. PLC computer control system, more stable operation, can adjust any parameters without stopping.
3. Can store ten groups of parameters, replace the variety more accurate.
4. Servo motor pull touch, more accurate positioning.
5. Independent temperature control system, accuracy up to $\pm 1^{\circ}\text{C}$.
6. Horizontal and vertical sealing temperature independent control, can be good for a variety of composite film, aluminum film and other packaging materials.
7. The variety of packaging style, back seal, insert Angle, even bag, punching and so on.
8. Bag making, sealing, packaging and printing date can be completed in one time.
9. The working environment is clean and the noise is small.

Technical Parameters:

Model	Link-420K
Blanking way	Single bucket cup
The bag type	Back seal pillow bag
Measuring range	100-2500 grams
Precision	0.5-5 grams
The bag size	L 80-300 ;W 50-200 mm;
Packing speed	40-60 bales/points
The control mode	PLC control system + Touch screen in English and Chinese
Air supply	0.3 CBM/min, 0.65 Mpa
Power	4.5 kw
The power supply	220 v, 50 hz
Chassis appearance	Stainless steel
Gross weight	1200KG
Size	L 3100 * W 1850 * H 3600 mm
