Technical Parameter

Capacity	30-40 bag/min,
	according to product type and characteristics
Bag Size	(L)150-350mm (W)150-220 mm
Filling weight	Up to1000 g/bag (max)
Bag sealing	Sealing by heat and pressure
Power supply	AC380V±10%, 3-phase 50Hz
Power Consumption	2.0KW
Air Consumption	0.2m ³ /min at 5-8 kgf/cm ²
	Air compressor is supplied by customer
Machine Weight	1200kg
Dimension	W×L×H 1340×1895×1435mm
