

14 Head Multihead Weigher

Suitable for measuring accuracy demanding and fragile loose objects for packaging such as puffed food Potato chips crispy rice jelly candy pistachio nuts peanuts beans apple slices dumplings herbs vegetables fruits etc

Description

1. Stainless steel welding rounded corners and the least amount of dust.
2. Modular control system easy maintenance low cost.
3. Professional digital weighing module better stability and high precision.
4. Modular stepper motor drives maintenance more convenient cost is low.
5. IP65 waterproof and dustproof design more suitable for damp dusty work.
6. Control weighing feeding function in order avoid the material jam.
7. Separate adjusting amplitude operation more convenient.

Parameters

Model	XJS-PC-W-14A1.6	XJS-PC-W-14A2.5	XJS-PC-W-14A5
Structure	Stainless steel		
Weighing range	10-1500g	10-1500g	100-3000g
Accuracy	× (0.5)	× (0.5)	× (1)
Max. speed	120	120	80
Hopper volume	1.6L	2.5L	5L
Control panel	10"Touch screen		
Driving system	Step motor		
Power requirement	1000W	1000W	1500W
	220V/50/60Hz/12A
