

TB-1A/1B Round Bottle Side-face Labeling Machine

TB-1A used for the side-face labeling for round bottle.

TB-1B used for the label and bottle features has specific positioning requirements.

- Strong compatibility, suitable for all kinds of circular objects.
- Adopt tensioning design to ensure the quality of coding and accurately control the length and uniformity of marking paper.
- Adopt pre – release marking system, marking stability, good flatness, high position accuracy.
- Rolling label paper for different bottle types, using different ways to ensure the quality of labeling.
- Chinese or English dialogue control board, can store ten groups of variety parameters, adjustment, special convenient use.
- Fully automatic operation, intelligent joint control with upper and lower processes, good coordination, no special operation, labor saving.
- Control chip for the United States imported, photoelectric sensor for Taiwan production, stable and durable.

Technical Parameters

Model	TB-1A	TB-1B
Capacity	150BOM	40BPM
Voltage and power	220V/50HZ 0.15 kw	220V/50HZ 0.15 kw
Main material of equipment	SS304	SS304
Control system	PLC	PLC
Compressed air supply	0.6Mpa;50L/min	0.6Mpa;100L/min
Size	1800×730×1400mm	1900×1300×1400mm
