

SUNHAN

SH-FCO600 Automatic Material Transport System O-Belt Flexible Powered Roller Conveyor

Main Feature

- ▶ This flexible conveyor is designed for transporting items over a specified path using a series of rotating rollers.
- ▶ Has the ability to be curved, twisted, or adjusted in different directions.

Parameters

Model	SH-FCO500	SH-FCO600	SH-FCO800
Roller Width	500mm	600mm	800mm
Voltage	110V/220V/380V		
Length/Unit	Compacted: 530mm, Extended: 1.1m		
Roller/Unit	Φ=54mm, Thickness ≥1.5mm Zinced steel		
Payload/Unit	150kg		
Motor/Unit	120W*1		
Conveying Speed	40m/min		
Height	550mm-820mm		
	750mm-1200mm		
	900mm -1500mm		
	(Other size can be customized as needed)		
Size/Unit	About 1500*778*550mm		
Weight/Unit	36kg
