

JS-55 Automatic Vertical Green Tea Leaves Filter Bag Packaging Machine

This machine is suitable for inner and outer bag packaging of granular materials such as green tea, black tea, oolong tea, ginger tea, scented tea, herb tea, buckwheat tea, etc.

Feature

1. The machine can automatically complete a series of processes such as measurement, film feeding, bag making, sealing, and cutting.
2. The main feature of this machine is that threads, labels, and outer bags are packaged in one go, which avoids direct contact of hands with materials and improves efficiency.
3. The outer sealing paper is controlled by a stepper motor, with stable bag length and accurate positioning.
4. Using PID independent temperature control, the appropriate sealing temperature can be adjusted according to different packaging films.
5. Intelligent PLC control system, machine parameters can be set through the touch screen.

Specification

Filling Range	3-10g
Packing Speed	30-45 bags/min (determined by materials and film)
Inner Film Size	Length:50-70mm, Width:45-80mm
Outer Film Size	Length:80-120mm, Width:75-95mm
Power	220V,50/60Hz,3.7Kw
Dimension	(L)1750*(W)740*(H)1950mm
Machine Weight	500 kg
Packing Material	Filter paper, thread, composite membrane
