FRM-980AI Semi automatic sealer small bag sealing machine

This sealing machine could be used for all kinds of sealing material, equipped with solid ink to print color mark. R or T type ink wheel could print PT18 or PT10.5.

Features:

1. Adjustable temperature
2. Adjustable speed
3. Clear and strong ink printing

Parameters:

Model No.	FRM-980AI
Power supply	AC 220V/50Hz , 110V/60Hz
Motor power	50W
Heating power	300*2W
Printing heating power	40*2W
Sealing line speed	0-12m/min.
Sealing width	810mm
Temperature control range	0-300C
Printing type	Solid ink
Distance from sealing center to platform (mm)	10-40
Conveyor platform size (mm)	930*153
Max. bearing weight (KG) for one product	≤1
Total bearing weight (KG)	≤3
Oversize (mm)	950×400×430
N.W.	45KG
