

## GS-12 Sensor Counter

GS-12 high-speed electronic counting machine adopts the international most advanced vibration type multichannel charge, computer control, dynamic scanning automatic counting, bottle conveying, system self checking, fault indication alarm, automatic shutdown, advanced technology, designed according to GMP standard is set light, electricity, machine integration of high tech drugs and food counting filling equipment.

This machine can be widely used in different shapes and sizes of tablets, capsules, pills and other drugs and granular food fast counting bottle, counting bottle speed reached advanced level of similar products at home and abroad.

### Parameters:

Counting& Filling Speed	800-4000 pieces/minute
Channel	12
Diameter of bottle	20-80mm (Customizable)
Diameter of bottleneck	38-80mm (Customizable)
Height of bottle	40-240mm (Customizable)
Dimensions	1800mm×1550mm×1750 mm ( L × W × H )
Electrical Requirement	3.6kW, 220/110v, 50-60HZ(Optional)
Weight	450k
Air supply pressure	0.5-0.6MPa
Working direction	Left → Right (or Right → Left)
